

## Create your own Fundraising Page

If you've decided that you're going to fundraise for ABC UK and have either signed up for an event or are setting up your own event, you want to think about the best way to get your friends and family involved in supporting you and to collect donations.

Creating your own online fundraising page can be the easiest way for people to find your fundraising information so that they can support you and make a donation online.

MyDonate is easy to use and takes you through simple steps to set up your own fundraising page.

You simply follow this link to our page, and click on the Create a Fundraising Page button and follow the instructions.

### [ABC MyDonate page](#)

You also don't have to worry about collecting any money, because the money is sent to us automatically, and any gift aid is also collected. Money raised gets passed through to us on a regular basis and we get a report to let us know what has been sent.

MyDonate will tell us when a fundraiser has set up a page and is going to start fundraising for us so, once you've set up your page, we'll get an email and know that you have joined our fundraising team.

When you've set up your new fundraising page you can make the page more personal by adding a message to tell your supporters what you're doing and why you're doing it. You can also add photos to make the most of your page.

Let friends, family and colleagues know about your page by emailing your page and linking to it from your facebook page or your twitter account.

Your supporters can make a donation by debit or credit card, and leave you a message of good luck.

Remember to get in touch with us when you **start to fundraise** as we can help with your fundraising.

Also – do send us **pictures** of what you do to raise funds – we love to see them, and can use them on our website to encourage other fundraisers and can help publicise your event or challenge on our social media.

Also – don't forget to let us know when you **close your page** – so we can thank you properly!

**Most importantly – thank you for fundraising for ABC UK. GOOD LUCK!**
