

## ABC UK Nurse of the Year Award 2026

**Is there a nurse in your team who has done exceptional work in supporting bladder cancer patients, or helping to improve their experience?**

This is an opportunity for colleagues to nominate an individual nurse, who works with bladder cancer patients, who you think deserves a special mention. They might write the newsletter, run the support group, organise well-being events or have come up with a great idea on how to improve the patient experience for those with bladder cancer.

Let us know about them and what they have done.

**Complete the simple nomination form and return to us at:**
