

**May is:**

# **Bladder Cancer AWARENESS MONTH**

## **Help us to improve the outcomes of bladder cancer**

Bladder Cancer Awareness Month is just around the corner. Whether you're a patient, their friend or family member or a health professional, help us raise awareness of a disease that affects over 20,000 people in the UK each year, is frequently diagnosed late and whose symptoms are often missed.

There are so many ways you can get involved – from fundraising to raising awareness in your network.

### **Host an information event**

Set up an information stand in your hospital, workplace or community to help others learn the symptoms of bladder cancer and why early diagnosis matters.

### **Distribute leaflets**

Ask your GP surgery, pharmacy, or community centre to display ABC UK leaflets in their waiting areas.

## **Share on social media or your website/intranet**

We've made it easy with a range of [downloadable graphics](#), social media posts, and ready-to-use web content.

## **Fundraise**

Organise a bake sale, dress-down day, walk, or other event to raise vital funds for our work supporting patients and pushing for better treatments. Take a look at [our suggestions](#).

## **We've got you covered:**

To help you spread the word, we'll provide **free resources and materials** including:

- Posters/leaflets about symptoms and treatments for download or in print.
- [Social media](#) graphics and suggested posts.
- Pens, lanyards, badges and more.
- Symptom guides tailored for the public or professionals.

We'll support you with everything you need to make your event or campaign a success.

**JOIN THE CAMPAIGN!**

## **Get in touch**

If you want to speak to us about getting involved, we would be happy to hear from you!

**T: 0300 302 0085**

## **Making a difference this May**

Together, we can raise vital awareness, help more people get diagnosed earlier, and ensure every bladder cancer patient has the support that they need.

Thank you for your support
