Working to support patients & improve the outcomes of bladder cancer

Welcome to ABC UK's news! We're delighted to bring you regular updates about [our work](#) and how we're making a difference to those affected by bladder cancer. In each edition, we'll share news about the [support we provide patients](#) and their families and how we [work with health professionals](#) to improve diagnosis, treatment and overall care. We'll highlight opportunities for you to get involved, and showcase inspiring stories and events.

THE WORK OF ABC UK

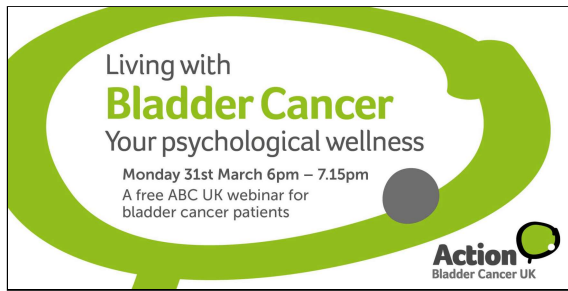

At Action Bladder Cancer UK, we strive to raise awareness of bladder cancer among the public and health professionals in order to support early diagnosis and better outcomes for patients.

We provide:

- High-quality, [up-to-date information](#) – online and in print
- Help to [find a patient support group](#) or [peer-to-peer support](#)
- Patient [events and webinars](#)
- Educational opportunities for GPs and specialist nurses

[Click here to read patient stories](#)

ABC UK runs online and face to face [events](#) as part of our patient support programme.

Join us at our upcoming patient webinar that looks at the emotional and psychological challenges that bladder cancer patients may encounter.

REGISTER YOUR PLACE

PATIENT MATERIALS

Whether you have just been diagnosed and are considering your next steps, or are living with bladder cancer, our [online](#) and printed resources are here to support you. They'll help guide your decision-making and provide reassurance throughout your journey.

We offer learning opportunities for health professionals

Action Bladder Cancer UK provides [educational opportunities](#) for specialist nurses and other health professionals including a yearly [Nurse Education Day](#), regular online learning events and [webinars for GPs](#). We also provide a range of [specialist information materials](#) to download or order in print for free.

ABC UK participates in, supports and encourages [research](#) and actively funds research and projects. We give [annual grants](#) to improve outcomes and patient experience for those with bladder cancer including dedicated grants to support nurses to develop specialist care.

May is...

Bladder Cancer Awareness Month

Bladder cancer symptoms:

- Blood in urine
- Frequent/urgent need to pee
- Pelvic pain or discomfort

If you would like to raise awareness about bladder cancer, Bladder Cancer Awareness Month is the perfect time to do it.

Fundraise for us

There are lots of ways in which you, your family and friends can raise money to help us in our work. We are reliant on donations to fund our programmes and run our charity. Take a look on our [fundraising pages](#) for ideas and inspiration. [Contact us](#) for resources or more information.
