Have you explored the Action Bladder Cancer UK online learning module?

Our free [online learning module](#) for primary care is a case-study based resource designed to develop GPs' knowledge of bladder cancer, support earlier diagnosis and improve outcomes for bladder cancer patients. Developed with learning provider NB Medical, it is CPD-accredited and full of information about symptoms, how it might present in your surgery and when to refer.

REGISTER FOR ONLINE
LEARNING

On our website, you can also access resources such as the [Bladder Cancer Symptoms Guide for Primary Care](#), the [ABC UK Guide to Haematuria](#) and a host of [other information](#) for patients and health professionals.

Help us spread the word...

We'd love to understand how we can support GPs better. Please share your thoughts with us!

Three quick questions...

Did you know?

Bladder cancer has the highest recurrence rate of any cancer, with up to 80% of cases returning within 10 years.

Action Bladder Cancer UK is here to provide support and information to people affected by bladder cancer. From resources to support groups and much more, we are here to help. Explore [our website](#). Find us at the RCGP conference in October.

Coming up...

Monday, 31 March, 6pm

Living with bladder cancer: your psychological wellness.

An online webinar for patients living with bladder cancer. If you have a patient who could benefit from this event, please share [this link](#).

Together, we're improving bladder cancer awareness, care and outcomes.
