

Understanding Bladder Cancer and the latest developments

This Education Day aims to provide nurses with up-to-date knowledge on bladder cancer treatments and the newest developments. Urology nurses and cancer nurses across the UK will have the opportunity to network and share their experiences and expertise. This event is also open to nurses who wish to extend their knowledge of bladder cancer and who may be working in other areas of urology or cancer care.

9.00 Registration and Refreshments

9.30 Welcome and briefing on the day

Information on the work of the charity: its support offer, materials and grants programme.
